EUROSCIPY 2013

CALL FOR SPONSORS

EuroSciPy is the European meeting for scientists using Python.

In 2012, it gathered 200 scientists from academia (students, researchers, professors) as well as from the private sector. The 2013 edition of the conference takes place in Brussels, on the campus Solbosch of the Université libre de Bruxelles. The conference features two days of tutorials (with a beginner and an advanced track), two days of scientific talks and satellites meetings. A keynote speaker starts the two scientific days, then contributions from many fields are presented.

Python is an increasingly popular programming language for which a large number of scientific libraries are made available. These libraries allow the scientist to build its own scientific tools for data analysis or computations and integrate them thanks to the polyvalence of Python.

Sponsoring the EuroSciPy 2013 conference makes you visible to the scientific community which facilitates the finding of talented scientists that master computational tools. It is also a unique opportunity to provide training to in-house research staffs during the tutorial days.

SPONSORING LEVELS

- **Gold, 2000 euros**, includes 3 registration fees to the tutorials and conference, logo in the "gold sponsor" section on the website, display of a full poster (A0) or banner (if provided) at the conference, 200 words presentation on the sponsors page.

- **Silver, 1000 euros**, includes 2 registration fees to the tutorials and conference, logo in the "silver sponsor" section on the website, prominent logo on the sponsors poster, 100 words presentation on the sponsors page.

- **Bronze: 500 euros**, includes 1 registration fee to the tutorials and conference, logo in the "bronze sponsor" section on the website, logo on the sponsors poster, 50 words presentation on the sponsors page.

- **Other arrangement**, you might want to sponsor a satellite, a specific part (coffee break for instance) of the event, advertise a job opening, ...

Your logo will also be shown in the introduction to the conference everyday, with a size corresponding to the sponsorship level.

Any assistance that your company or affiliates can provide would be greatly appreciated.

Thank you for taking the time to read this proposal. We look forward to hearing from you. To contact us for further information please contact:
